

The Process

Step One (We Need A Deposit)

A deposit to start working on your logo is required. We need at least 20% down payment or whatever the package you pick says you need. The remainder of the balance is due upon your final approval. After receiving your order form, we will contact you by email or phone to confirm receipt of the order and answer any questions concerning your project.

Step Two (The Design)

We will start working on your layout immediately after receiving your order sheet and payment. In the time designated by the package you choose we will present you the initial designs by sending them via email as PDF/JPG format previews, this will allow you to review the layouts and choose the one with which you would like to proceed. We strongly encourage you to provide us with a detailed feedback that will help us understanding your taste and design preferences. Proofs sent for your approval via email are sent free of charge. Proofs sent overnight service will be charged to client.

Step Three (Fine Tuning)

This process will let us start improving the chosen design according to your tastes. On each step you give us your comments to presented designs, and we make necessary changes following your suggestions. On each step we get closer to the final design, presenting you variations and alterations as following your suggestions as on our own.

Step Four (Delivery)

When you are completely satisfied with the final work, we will send your design with the files for almost every purpose.

Art Terms & Conditions

Creative Graphic Solutions, Inc. (CGS) must collect payment deposit up front to begin design work or layouts. No work will proceed until payment is received. All sales are final, no refunds are available. In case of cancellation on a order a \$25 processing fee will be charged. CGS holds the right to change policies and prices without prior notice.
